**About HKLTC**

Committed to Hong Kong and to excellence in language education, the Hong Kong Language Training Center Ltd. (HKLTC) makes a vital contribution toward helping young students from kindergarten to secondary school to master Mandarin Chinese in the most effective and encouraging way.

Each child is gifted with his or her own talents and skills, which deserve further development via the education system. Because each child has a unique world, family, and set of traditions, education needs to be comprehensive yet personalized:

**Comprehensive** – Using Mandarin as the teaching-language medium, the Summer Children's Program includes an exciting array of topical activities and lessons. We want to help your child bloom in terms of creativity, reading, writing, and speaking, as well as character. Indeed, education involves not only giving children excellent knowledge and skills but also nurturing them to become kind, caring, and ethical people.

**Personalized** – Teaching methods and behavioral instruction in our Summer Children's Program are matched to your child's personality, with an eye to heightened self-esteem, self-development, and self-realization. We deploy contemporary, scientifically tested methods of teaching to develop your youngster's singular nature. The Summer Children's Program is your child's close-at-hand partner in learning. We are always open to your suggestions and comments. Indeed, we believe that close parent-school communication is essential for understanding what your child needs, and for designing a curriculum of ultimate benefit to your child.

This Summer Children's Program can also be customized for international school students who are going to take GSCE/GSCE Mandarin Chinese Exams (UK), SAT II Chinese Test (USA), IB Chinese Exam, Australian Mandarin Exams, or HSK (PRC)

**About Course Book Designers:**

**Ms. Yamin Ma,**

### Our Approach

With both youngsters and teens, our primary objective is to help them enjoy learning Chinese language. Summer Mandarin 2014 is a premium, activity-based program. Through our course, your child can learn to read, write, and converse in Mandarin.

**P.L.U.S. teaching method: Play, Learn, Understand, and Speak**

- ✓ **Informal, comfortable atmosphere**
- ✓ **Lessons delivered through music, visual aids, games, word games, and songs in addition to conventional selected materials**
- ✓ **Bilingual, university-educated teachers with extensive experience with youngsters and teens**
- ✓ **Private tuition available for special needs, we work toward more specific objectives, align the class with a student's ongoing school program, and better cater to a student's learning style or opt for a more social group format.**
